Dear

**Freedom of Information: Right to know request**

We refer to your request under the Freedom of Information Act 2000 (the Act), for the following information:

- "1. The number of firms regulated by the regulatory authority on an annual basis from the financial year 2002/03 to present (this will therefore include data from the FSA and FCA);*
- 2. The total value of the regulated firms on an annual basis from the financial year 2002/03 to present;*
- 3. Information on the type of firms that have been included under the regulation of the FSA and the FCA as the number of regulated firms has expanded."*

In relation to point 2, you clarified on 23 September that, by "total value of the regulated firms", you were referring to ". . . the total market capitalisation (or market value) of all the firms regulated by the FCA."

Your request has now been considered and we can confirm that we hold information for point 1 and 3 of your request, and this is attached as Annex A.

However, in relation to point 2, we do not hold the information you have requested as firms are not required to provide this information to us. You may wish to review the reporting requirements for regulated firms which are published on our website at the following link:
