Notes:

1. For 2024/25, published attestations data has been updated to reflect our current framework for classifying firms by financial market.
2. Details of the [FCA's Approach to Supervision](#) can be found on our website.
3. The figures stated are correct as of **30 September 2024** but may be subject to change.
4. The figure for Insurance in Q2 was driven primarily by two pieces of thematic work relating to [Consumer Duty outcome monitoring](#) and [product governance](#) published in June and August 2024 respectively. In both instances we stated that our supervisory next steps included individual feedback for participating firms and the potential use of appropriate supervisory tools to make sure that progress was made to meet Consumer Duty and PROD 4 requirements.
5. Annex 1 Financial Institutions are supervised for anti-money laundering purposes by FCA financial crime specialists. These firms are classified outside of the usual eight markets listed in the table above, and we do not assign these firms with an FCA supervision category. For more information see [Money Laundering Registration](#) on the FCA website.
