Dated: **9 May 2007**

TAKE NOTICE: The Financial Services Authority of 25 The North Colonnade, Canary Wharf, London E14 5HS (the "FSA") has taken the following action

1. ACTION

- 1.1 For the reasons listed below and pursuant to section 45 of the Financial Services and Markets Act 2000 (the "Act"), the FSA has varied the permission granted to Corby Community Credit Union Limited ("Corby") pursuant to Part IV of the Act ("Corby's Part IV permission") by removing its regulated activity with immediate effect. Accordingly, Corby's Part IV permission no longer includes the regulated activity of accepting deposits.
- 1.2 The FSA has further varied Corby's Part IV permission by including the following requirements, namely that Corby must not:
- (i) make new loans, or make further advances in relation to, or otherwise vary the terms of, any existing loans;
 - (ii) redeem any member's shares;
 - (iii) effect any share to loan transfers;
 - (iv) repay any deposits; or
 - (v) without the written consent of the FSA, make any payment, or otherwise dispose of, deal with or diminish the value of any of its assets, except to pay expenses incurred in the ordinary course of Corby's business.

- 1.3 For the avoidance of doubt, the expenses referred to in 1.2(v) do not include gifts, nor payments of unusual or significant amounts to Corby's employees or officers or any persons connected to them.
- 1.4 The FSA has also varied Corby's Part IV permission by including the following requirements, namely that within 14 days it must:
 - (i) advise in writing all members of Corby that it is no longer permitted by the FSA to carry on accepting deposits and of the other restrictions placed upon it by the FSA; and
 - (ii) provide the FSA with a copy of the written advice sent to all members for its regulated activity pursuant to (i) above, together with a list of all members to whom such advice has been sent.

2. REASONS FOR ACTION

Summary

- 2.1 The FSA has concluded, on the basis of the facts and matters described below, that Corby is failing and will continue to fail to satisfy the threshold conditions set out in Part 1 of Schedule 6 to the Act (the "Threshold Conditions") in that, in the opinion of the FSA, Corby has not maintained positive capital and presents a risk to consumers by continuing to be permitted to conduct the regulated activity it carries on.
- 2.2 The FSA considers that Corby should not be permitted to accept new deposits nor should it make any further loan advances or redeem any membership shares, when it has failed to maintain adequate capital.
- 2.3 The FSA considers, on the basis of those facts and matters, that it is necessary, in order to protect the interests of consumers, for the action specified above to take immediate effect.

Relevant Statutory Provisions

- 2.4 The FSA's regulatory objectives established in section 2(2) of the Act include the protection of consumers.
- 2.5 The FSA is authorised by section 45 of the Act to exercise the following powers:
 - to vary an authorised person's permission where it appears to the FSA that such person is failing to satisfy the Threshold Conditions, and
 - to vary such a permission by removing a regulated activity from those for which the permission is given;
 - to include any provision in the permission as varied that could be included if a fresh permission were being given in response to an application under section 40 of the Act, including the imposition pursuant to section 43 of the Act of such requirements as the FSA considers appropriate.

- 2.6 Section 53(3) of the Act allows such variations to take effect immediately if the FSA reasonably considers that it is necessary for the variations to take effect immediately.

Relevant Handbook Provisions

- 2.7 In exercising its power to vary a Part IV permission, the FSA must have regard to guidance published in the FSA Handbook. The main considerations relevant to the action specified about are set out below.

Relevant Principle

- 2.8 Principle 4 of the FSA's Principles for Businesses in the FSA Handbook, requires that a firm must maintain adequate financial resources.

Relevant Rule

- 2.9 FSA Rule CRED 8.3.1R of the Credit Unions Sourcebook in the FSA Handbook ("CRED") states:

"A version 1 credit union must at all times maintain a positive amount of capital."

- 2.10 The guidance in CRED 8.3.3G states that "CRED 8.3.1R implements the principle that every pound saved by a depositor with a credit union should always be worth at least a pound." This is reflected in the definition of "Capital" for the purposes of CRED 8 (including CRED 8.3.1R), which is set out in CRED 8.2.1R.¹

The FSA's Enforcement Manual ("ENF") Chapter 3.5 - The FSA's policy on exercising its own-initiative power to vary Part IV permission

- 2.11 ENF 3.5.2G requires the FSA to have regard to its regulatory objectives and the range of regulatory tools that are available to it.
- 2.12 ENF 3.5.8G provides that the circumstances in which the FSA will consider exercising its power include where the FSA has serious concerns that the authorised person has breached requirements imposed on it by or under the Act (including Principles and rules) and the breaches are material in number or individual seriousness.
- 2.13 ENF 3.5.13G includes among the factors which will determine whether the urgent exercise of the FSA's own-initiative power is an appropriate response to serious concerns, the extent of any loss or risk of loss or other adverse effect on consumers and the steps the authorised person has taken or is taking to address the issue.

¹ References in the remainder of this Notice to "Capital" are references to "Capital" as defined in CRED 8.2.1R.

Guidance concerning the relevant Threshold Condition: COND 2.4 - Threshold Condition 4: Adequate Resources (paragraph 4, Schedule 6 to the Act)

- 2.14 COND 2.4.1G reproduces the relevant statutory provision that the resources of the person concerned must, in the opinion of the FSA, be adequate in relation to the regulated activities that he seeks to carry on, or carries on.
- 2.15 COND 2.4.2G(2) in giving guidance on the interpretation of "adequate resources", defines the term "adequate" as meaning sufficient in terms of quantity, quality and availability and "resources" as including all financial resources, capital, provisions against liabilities, holdings of or access to cash and other liquid assets.
- 2.16 COND 2.4.4G(3) requires the FSA only to take into account relevant matters which are material in relation to the regulated activities for which the authorised person has permission.

Facts and matters relied on

- 2.17 Corby is a version 1 credit union. According to the last information received in its Quarterly Return for the period ended 31 March 2007, Corby reported that it had 416 members.
- 2.18 Corby's audited accounts for the year ended 30 September 2005 showed that it had negative capital of £46,153. The financial information provided by Corby to the FSA subsequently is not audited, but Corby reported negative capital of £42,894 as at 31 December 2006.
- 2.19 Corby has failed to provide any viable plan to remedy its capital position despite being given adequate time and opportunity to do so.

Conclusions

- 2.20 The facts and matters described above lead the FSA, having regard to its regulatory objectives to the following conclusions:
- Corby is in breach of CRED 8.3.1R by failing to maintain a positive amount of capital at all times and therefore the amount saved by its members is worth less than they deposited;
 - these failures are material in relation to the regulated activity for which Corby has permission and it therefore fails to satisfy Threshold Condition 4 (Adequate resources);
 - the risk of loss or other adverse effect on consumers by Corby's failings, causes the FSA to have serious concerns about Corby such that the exercise of the FSA's own-initiative powers to vary Corby's Part IV permission with immediate effect is an appropriate response to those concerns; and

- specifically, the variation of Corby's Part IV permission should take immediate effect to address the FSA's serious concern that its resources are inadequate to conduct the regulated activity it carries on.
