## FIRST SUPERVISORY NOTICE

---

To: **Rotton Park/Winson Green Credit Union Limited**  
Of: **260 Dudley Road**  
**Birmingham**  
**West Midlands**  
**B18 4HL**  
Dated: **23 November 2005**

**TAKE NOTICE: The Financial Services Authority of 25 The North Colonnade, Canary Wharf, London E14 5HS (the "FSA") has taken the following action**

### **1. ACTION**

- 1.1 For the reasons listed below and pursuant to section 45 of the Financial Services and Markets Act 2000 (the "Act"), the FSA has varied the permission granted to Rotton Park/Winson Green Credit Union Limited ("RP/WG") pursuant to Part IV of the Act ("RP/WG's Part IV permission") by removing its regulated activity with immediate effect. Accordingly, RP/WG's Part IV permission no longer includes the regulated activity of accepting deposits.
- 1.2 The FSA has further varied RP/WG's Part IV permission by including the following requirements, namely that RP/WG must not:
- (i) make new loans, or make further advances in relation to, or otherwise vary the terms of, any existing loans;
  - (ii) redeem any member's shares;
  - (iii) repay any deposits; or
  - (iv) without the written consent of the FSA, make any payment, or otherwise dispose of, deal with or diminish the value of any of its assets, except to pay expenses incurred in the ordinary course of RP/WG's business.

- 1.3 For the avoidance of doubt, the expenses referred to in 1.2(iv) do not include gifts, nor payments of unusual or significant amounts to RP/WG's employees or officers or any persons connected to them.

## **2. REASONS FOR ACTION**

### **Summary**

- 2.1 The FSA has concluded, on the basis of the facts and matters described below, that RP/WG is failing and will continue to fail to satisfy the threshold conditions set out in Part 1 of Schedule 6 to the Act (the "Threshold Conditions") in that, in the opinion of the FSA, RP/WG's financial resources are not adequate in relation to the regulated activities it carries on.
- 2.2 The FSA considers that RP/WG should not be permitted to accept new deposits nor should it make any further loan advances or redeem any membership shares, when it has failed to maintain adequate financial resources.
- 2.3 The FSA considers, on the basis of those facts and matters, that it is necessary, in order to protect the interests of consumers, for the action specified above to take immediate effect.

### **Relevant Statutory Provisions**

- 2.4 The FSA's regulatory objectives established in section 2(2) of the Act include the protection of consumers.
- 2.5 The FSA is authorised by section 45 of the Act to exercise the following powers:
- to vary an authorised person's permission where it appears to the FSA that such person is failing to satisfy the Threshold Conditions, and
  - to vary such a permission by removing a regulated activity from those for which the permission is given;
  - to include any provision in the permission as varied that could be included if a fresh permission were being given in response to an application under section 40 of the Act, including the imposition pursuant to section 43 of the Act of such requirements as the FSA considers appropriate.
- 2.6 Section 53(3) of the Act allows such variations to take effect immediately if the FSA reasonably considers that it is necessary for the variations to take effect immediately.

### **Relevant Guidance**

- 2.7 In exercising its power to vary a Part IV permission, the FSA must have regard to guidance published in the FSA Handbook. The relevant guidance is found in the Credit Unions Sourcebook ("CRED"), which sets out the regulatory requirements which apply to credit unions, the Threshold Conditions ("COND") and the Enforcement Manual

("ENF"). The main considerations relevant to the action specified above are set out below.

#### CRED 5.1 – Application and purpose

- 2.8 Paragraph 5.1.5 requires the Threshold Conditions to be met on a continuing basis by credit unions, and states that failure to meet one of the Conditions is sufficient grounds for the exercise by the FSA of its power.
- 2.9 Paragraph 5.2.1(5) requires the FSA to be satisfied that a credit union is ‘fit and proper’ to be authorised and permitted to carry on regulated activities.
- 2.10 Paragraph 5.2.4 allows the FSA to vary a credit union’s Part IV permission on its own initiative if it appears that the credit union is failing, or is likely to fail, to satisfy the Threshold Conditions.

#### ENF 3.5 - The FSA’s policy on exercising its own-initiative power to vary Part IV permission

- 2.11 ENF 3.5.2 G requires the FSA to have regard to its regulatory objectives and the range of regulatory tools that are available to it.
- 2.12 ENF 3.5.8 G provides that the circumstances in which the FSA will consider exercising its power include where the FSA has serious concerns that the authorised person has breached requirements imposed on it by or under the Act (including Principles and rules) and the breaches are material in number or individual seriousness.
- 2.13 ENF 3.5.13 G includes among the factors which will determine whether the urgent exercise of the FSA’s own-initiative power is an appropriate response to serious concerns, the extent of any loss or risk of loss or other adverse effect on consumers and the steps the authorised person has taken or is taking to address the issue.

#### Guidance concerning the relevant Threshold Condition: COND 2.4 - Threshold Condition 4: Adequate Resources (paragraph 4, Schedule 6 to the Act)

- 2.14 COND 2.4.1 G reproduces the relevant statutory provision that the resources of the person concerned must, in the opinion of the FSA, be adequate in relation to the regulated activities that he seeks to carry on, or carries on.
- 2.15 COND 2.4.2 G (2) in giving guidance on the interpretation of "adequate resources", defines the term "adequate" as meaning sufficient in terms of quantity, quality and availability and "resources" as including all financial resources, capital, provisions against liabilities, holdings of or access to cash and other liquid assets.
- 2.16 COND 2.4.4 G (3) requires the FSA only to take into account relevant matters which are material in relation to the regulated activities for which the authorised person has permission.

### CRED 8.3.1 R – The financial resources requirement

2.17 Failure to maintain positive capital is a breach of FSA Rule CRED 8.3.1 R, which states:

"A version 1 credit union must at all times maintain a positive amount of capital."

2.18 The guidance in CRED 8.3.3 G states that "CRED 8.3.1R implements the principle that every pound saved by a depositor with a credit union should always be worth at least a pound."

#### **Facts and matters relied on**

2.19 RP/WG is a version 1 credit union, with 6 executive directors and 4 non executive directors. In its return to the FSA for the quarter ended 30 September 2005, RP/WG reported that it had 755 members.

2.20 RP/WG's audited accounts for the year ended 30 September 2004 showed that it had negative capital of £33,922, a significant decline from the position shown in the audited accounts for the year ended 30 September 2003 which was negative capital of £29,344.

2.21 In its financial return for the quarter ended 30 June 2005, RP/WG reported negative capital of £33,572 and in the quarter ended 30 September 2005, the situation had only marginally improved to £31,784.

2.22 The FSA has given RP/WG a reasonable period in which to correct its capital position, but RP/WG has failed to do so.

#### **Conclusions**

2.23 The facts and matters described above lead the FSA, having regard to its regulatory objectives to the following conclusions:

- in breach of CRED 8.3.1 R, RP/WG has failed to maintain a positive amount of capital since 30 September 2003 and therefore the amount saved by its members is worth less than they deposited;
- these failures are material in relation to the regulated activity for which RP/WG has permission and it therefore fails to satisfy Threshold Condition 4 (Adequate resources);
- the risk of loss or other adverse effect on consumers by RP/WG's failings, causes the FSA to have serious concerns about RP/WG such that the exercise of the FSA's own-initiative powers to vary RP/WG's Part IV permission with immediate effect is an appropriate response to those concerns;
- specifically, the variation of RP/WG's Part IV permission should take immediate effect to address the FSA's serious concern that its resources are inadequate to conduct the regulated activity it carries on.
