1. Overview

- 1.1** The Financial Conduct Authority (FCA) and the Prudential Regulation Authority (PRA), together ‘the regulators’, are introducing a new accountability regime for deposit-takers, insurers and PRA-designated investment firms.
- 1.2** As part of implementing the new regime, the regulators have consulted on amendments to a series of forms used by firms and individuals relating to regulatory approval for certain roles. During this exercise, we received feedback regarding the necessity of some of the questions asked in these forms.
- 1.3** Reflecting on that feedback, this paper sets out proposed amendments to two forms for the new regime and to two forms used in the current Approved Persons Regimes. These changes alter the questions to ensure we only require necessary disclosures from those we regulate, while ensuring the regulators remain able to properly assess the fitness and propriety of those we are required to approve.

Who does this consultation affect?

- 1.4** This paper will be of interest to all FCA and PRA-authorized firms and individual candidates for approval as approved persons, notified non-executive directors and key function holders.

Is this of interest to consumers?

- 1.5** This paper will primarily be of interest to firms.

Competition

- 1.6** The regulators do not consider these amendments are likely to have any adverse impact on effective competition.

Equality and diversity considerations

- 1.7** The regulators do not believe that the proposals in this paper introduce any adverse effects on any protected characteristics as the same questions will be asked of all applicants regardless of their background or circumstances. However, as with the whole consultation, we welcome feedback on this.

Next steps

What do you need to do next?

- 1.8** The regulators want to know what you think of our proposals. Please send us your comments by 19 October 2015.

How?

- 1.9** Please send your responses to both regulators at the following addresses:

CP35/15@bankofengland.co.uk

cp15-29@fca.org.uk

Next Steps

- 1.10** The regulators will consider your feedback and intend to publish our rules adopting the revised forms in a policy statement before the end of 2015.

2. Amendments to various forms

- 2.1** As part of introducing the new accountability regimes, the regulators have consulted on a series of consequential amendments to the forms used by firms and individuals in relation to roles that require pre-approval from us.
- 2.2** Large sections of the forms were not altered by these consultations as they were unaffected by the Senior Managers (SMR) or Senior Insurance Managers (SIMR) Regimes. This included questions contained in a series of forms relating to the fitness and propriety of prospective candidates¹ for roles requiring pre-approval. We received feedback that some questions sought unnecessary disclosure from firms and candidates.
- 2.3** We have considered this feedback and propose to alter the relevant questions in those forms accordingly. As these questions are asked in a wide range of forms, we consider it appropriate to make these changes wherever the relevant questions are asked. This includes forms relating to the approved persons regime, sole traders, change in control and e-money, funds and payment services firms.
- 2.4** For some SMR and SIMR forms effective from 7 March 2016, this involves reinstating questions that were removed as part of the initial response to previous consultations on the new regimes. The questions are being reinstated as the regulators consider them necessary in order to assess fitness and propriety. The reinstated questions use revised wording that reduces the scope of the current regulatory requirement on firms and individuals. The regulators plan to issue guidance notes to firms, later in the year, on how to complete the revised forms for the SMR and SIMR (this will include, for example, guidance on how to interpret question 5.01.5d, requested by some insurance firms).
- 2.5** A substantial majority of the forms containing questions relating to fitness and propriety are shared forms made under the regulators' powers of direction under FSMA. Where forms are made under such powers, there is no statutory duty on the regulators to consult when changing them. The regulators have today made changes to those forms under a power of direction with immediate effect. These changes respond to the feedback received to previous consultations, harmonise the disclosure across firms and, in contrast to versions of the forms used by firms and candidates currently, reduce the scope of the information sought. The revised questions are more targeted to ensure that the regulators are aware of any ongoing investigations and any past convictions (whether or not spent) that are not protected under the Rehabilitation of Offenders Act.
- 2.6** Please see Appendix 1 to this paper for the forms made today by the regulators.
- 2.7** In practice many firms access these forms online. Accordingly, we have also changed the online versions. These changes may take a few days to take effect in the system.

¹ See e.g. section 5 of Long Form A - UK Firms (Relevant Authorised Persons only) Approval to perform senior management functions.

- 2.8** There are also two shared forms, and a PRA-only form, made under rulemaking powers that contain questions that mirror the questions in the forms amended today. Where forms are made under rulemaking powers, there is a statutory requirement on the regulators to consult on any proposed changes to them. The regulators will review the directions made today in light of the responses to this consultation, but on balance considered that it was in the interest of candidates and firms to amend the forms made under the directions power first, and then to consult on similar amendments to the following forms made under rulemaking powers. The forms are as follows:
- Form D is a shared form used by firms to notify the regulators of any changes in circumstances for approved persons.
 - Form F is a shared form and relates to overseas firms.
 - Form M is a PRA-only form that applies from 7 March 2016 and relates to the appointment of Non-Executive Directors and Key Function Holders.
- 2.9** We believe the proposed changes to these forms are straightforward and so we are consulting for a period of one month. Appendix 2 contains the proposed changes to Forms D, F and M.
- 2.10** If firms are submitting a Form D or F to the regulators online before the publication of our final policy they will see that the wording will reflect the position we are consulting on. Should firms be submitting these forms in this period on paper, they should answer the relevant questions as if they were phrased as we propose in the appendices to this paper. If firms are at all unsure about this, they can contact the regulators via the contact details in this consultation paper and we will assist them.
- 2.11** Please note that the amendments made today to Long Form A, and those proposed to Form M, will also be relevant to equivalent forms for non-Solvency II insurance firms, which are currently subject to open consultation.² Accordingly, we welcome feedback from these firms on the proposed changes for the full duration of this consultation.
- 2.12** The regulators may conduct a fuller review of the disclosures sought through the forms in their respective rulebooks. This review may lead to future amendments or consultations, as appropriate (including as a response to the Fair and Effective Markets Review report).
- Q1: Do you agree with the FCA and PRA's proposed amendments to the questions in Forms D and F?**
- Q2: Do you agree with the PRA's proposed amendments to the questions in Form M?**

² Please see PRA CP26/15 and FCA CP 15/25 – which close on 12 October 2015.

Annex 1:

FCA Cost benefit analysis

1. FSMA, as amended by the Financial Services Act 2012, requires us to publish a cost benefit analysis (CBA) of our proposed rules. Specifically, section 138I requires us to publish 'an analysis of the costs, together with an analysis of the benefits' that will arise if the proposed rules are made. It also requires us to include estimates of those costs and benefits, unless they cannot reasonably be estimated or it is not reasonably practicable to produce an estimate.

Market failure analysis

2. The potential failure in the market that we are seeking to address is a regulatory issue. It stems primarily from the requirement on firms to disclose information as part of the application process associated with becoming a controlled function, or as part of certain transaction. The current requirements are broader than is necessary.

Compliance costs for firms

3. We believe that the costs to firms of these proposals will be negligible and may even represent a slight overall reduction. The amended questions narrow the scope of disclosures, which should make the forms simpler for firms and individuals to complete.

FCA costs

4. We believe there will be negligible costs to the FCA incurred by these proposals, and possibly a slight reduction. The amended questions ensure only necessary disclosure, making the authorisations process more efficient.

Benefits

5. These proposals should ensure only necessary disclosures are made by firms when completing forms for the approval of individuals or transactions by the regulators. Firms will have a narrower range of potential information to consider reducing the associated burden of sourcing required data. In addition, only necessary disclosures will be received by the FCA, thereby enabling more efficient assessment of the information submitted.
6. The proposals support the overall aim of ensuring appropriate standards of conduct from individuals in important roles in financial services firms, by improving the FCA's assessment of the fitness and propriety of these individuals. We may review the questions in future to consider if there is a need to introduce additional changes.

Annex 2: PRA Cost benefit analysis

1. The PRA is required to perform an analysis of the economic impact in respect of proposed rule amendments.

Compliance costs for firms

2. The PRA believe that the costs to firms of these proposals are negligible, if not they represent a slight overall reduction. Focusing the questions in the relevant forms narrows the scope of disclosures, which should make the forms simpler for firms and individuals to complete.

PRA costs

3. The PRA believe there will be negligible costs to the regulators incurred by these proposals, and possibly a slight reduction. Focusing the questions in the forms means that any disclosures made in response to them will better align with the information the PRA needs to make its decisions.

Benefits

4. These proposals should focus the disclosures made by firms when completing forms for the approval of individuals or transactions by the regulators. Altering the disclosures sought in the manner proposed should bring about benefits for both firms, who will have a narrower range of potential information to consider, and the PRA, who will receive answers that better align with the information needed to make the relevant decisions.
5. The PRA is not of the view that amendments being made will reduce the PRA's ability to make appropriate assessment of the fitness and propriety of these individuals. The PRA and FCA may review the questions in future to consider if there is a need to introduce additional changes.

Annex 3: FCA Compatibility statement

Compatibility with the FCA’s general duties

1. This appendix sets out how the proposals in this CP are compatible with the general duties and regulatory principles of the FCA. The FCA is required, by section 138I of FSMA, to explain why making the proposed rules is compatible with its strategic objective, advances its operational objectives, and has regard to the regulatory principles in section 3B of FSMA.

The FCA’s strategic objective and regulatory principles

2. The proposals set out in this CP are compatible with our strategic objective of ensuring that the relevant markets function well. This CP supports our proposals, already consulted on, to clarify the lines of responsibility at the top of firms and enhance the FCA’s ability to hold senior and other individuals in such firms to account. This should, over time, result in improved governance within the industry.
3. In preparing these proposals, we have had regard to the regulatory principles set out in s.3B FSMA. We set out below how our proposals demonstrate such regard for each of the regulatory principles:

Regulatory principle	Compatibility
<p>Efficiency and economy</p> <p>The need to use FCA resources in the most efficient and economical way</p>	<p>The FCA and PRA have collaborated in order to take a consistent approach to amending these shared forms. This ensures that they are able to continue to take advantage of synergies and promote efficient use of both regulators’ resources.</p>
<p>Proportionality</p> <p>A burden or restriction should be proportionate to the benefits, considered in general terms, which are expected to result from the imposition of that burden or restriction.</p>	<p>The proposals in this CP are directly relevant to this principle as they seek to reduce requirements on individuals and firms submitting these forms.</p>
<p>Sustainable growth</p> <p>The desirability of sustainable growth in the UK economy in the medium or long term.</p>	<p>We do not consider this principle to be directly relevant to the proposals in this CP.</p>
<p>Consumer responsibility</p> <p>Consumers should take responsibility for their decisions</p>	<p>The proposals we have made concern the internal organisation of firms and requirements applying to their staff. These are not matters over which consumers can have any influence.</p>

Regulatory principle	Compatibility
<p>Senior management responsibility</p> <p>The responsibilities of senior management of persons subject to requirements imposed by or under FSMA, including those affecting consumers, in relation to compliance with those requirements</p>	<p>The proposals in this CP support our overall objective that senior managers within relevant firms are clear about the responsibilities they hold and can therefore be more effectively held accountable for the performance of those responsibilities.</p>
<p>Recognising the differences in the businesses carried on by different regulated persons</p> <p>The desirability of exercising our function that recognises differences in the nature of the businesses carried on by different persons we regulate</p>	<p>The proposals in this CP amend questions wherever they are asked to ensure that for all firms only necessary disclosures are sought.</p>
<p>Openness and disclosure</p> <p>The desirability of publishing information relating to persons</p>	<p>We will not normally make public the fact that we are or are not investigating a particular matter or any of our findings or conclusions of an investigation public except as set out in chapter 6 of the Enforcement Guide. The proposals contained in this CP do not change that position.</p>
<p>Transparency</p> <p>The FCA should exercise its functions as transparently as possible.</p>	<p>We are an open and transparent regulator and welcome feedback on the proposals outlined in this CP.</p>

The FCA's operational objectives

Consumer protection and market integrity

4. The objective of the proposals contained in this CP is to support our overall objective that senior persons in relevant firms are held accountable for the roles they perform. This is intended to create a structure that will make it more likely that individuals and roles are appropriately matched and that high standards of conduct are observed. We therefore consider that these aims and objectives support our consumer protection and market integrity objectives.

Promoting competition

5. In preparing the proposals set out in this CP, we have had regard to our duty to promote effective competition in the interests of consumers under section 1B(4) FSMA. The proposals in this CP relate to disclosures sought from all firms for certain roles and transactions and the FCA do not believe they are likely to have any adverse impact on effective competition.

Mutuals

6. The FCA also has a statutory requirement under section 138K(2) of FSMA to state whether the impact on mutual societies will be significantly different from the impact on other firms. The FCA considers that mutuals are not expected to be affected differently, or in a disproportionate way, from other firms by these proposals.

Annex 4: PRA Compatibility statement

1. This appendix sets out how the proposals in this CP are compatible with the general duties and regulatory principles of the PRA. The PRA is required, by section 138J(2)(d) of FSMA, to explain its reasons for believing that making the proposed amendments is compatible with:
 - Its duty to act, so far as is reasonably possible, in a way which advances its general objective (i.e. to promote the safety and soundness of PRA-authorized persons and to contribute to the securing of an appropriate degree of protection for those who are or may become insurance policyholders).
 - Its duty to act, so far as is reasonably possible, in a way which, as a secondary objective, facilitates effective competition in the markets and services provided by PRA authorized persons in carrying on regulated activities.
2. The amendments in this CP are compatible with the PRA's general objective in that they provide for the operation of the wider accountability regime and help to promote safety and soundness of firms.
3. The PRA does not consider that these amendments are likely to have any adverse impact on effective competition.
4. In developing the proposals in this CP, the PRA has had regard to the eight Regulatory Principles, which are set out in section 3B of FSMA.

a) ***The need to use the resources of each regulator in the most efficient and economic way***

The PRA and FCA have collaborated in order to take a consistent approach to amending these shared forms. This ensures that they are able to continue to take advantage of synergies and promote efficient use of both regulators' resources.

b) ***The principle that a burden or restriction which is imposed on a person, or on the carrying on of an activity, should be proportionate to the benefits, considered in general terms, which are expected to result from the imposition of that burden or restriction***

The amendments in this CP are directly relevant to this principle as they seek to reduce requirements on individuals and firms submitting these forms.

c) ***The desirability of sustainable growth in the economy of the United Kingdom in the medium or long term***

The PRA does not consider this to be directly relevant for this CP.

d) ***The general principle that consumers should take responsibility for their decisions***

The PRA does not consider this to be relevant for this CP.

e) ***The responsibilities of the senior management of persons subject to requirements imposed by or under this Act, including those affecting consumers, in relation to compliance with those requirements***

The rationale of the proposal in this CP is to improve forms that contribute towards the operation and implementation of the existing and future individual accountability regimes.

f) ***The desirability where appropriate of each regulator exercising its functions in a way that recognises differences in the nature of, and objectives of, businesses carried on by different persons subject to requirements imposed by or under this Act [FSMA]***

The PRA has given recognition to the varying nature and objectives of activities carried out by PRA-authorized persons. The PRA does not believe the proposal in this CP has implications for this principle.

g) ***The desirability in appropriate cases of each regulator publishing information relating to persons on whom requirements are imposed by or under this Act, or requiring such persons to publish information, as a means of contributing to the advancement by each regulator of its objectives***

The PRA has the power to publish certain information relating to investigations into firms and individuals. The Statement of the PRA's Approach to Publicity of Regulatory Action (April 2013) deals with the PRA's approach to publication of disciplinary and other enforcement actions. The proposals contained in this consultation do not provide for any changes in this regard.

h) ***The principle that the regulators should exercise their functions as transparently as possible***

This CP gives respondents the opportunity to comment on the amendments being made, including those that are being implemented with immediate effect where formal consultation is not required.

Impact on mutuals

5. The PRA has a statutory requirement under section 138K(2) of FSMA to state whether the impact on mutuals societies will be significantly different from the impact on other firms. The PRA does not believe that the impact of the proposed changes on mutual will be different from the impact on other firms. The proposed amendments have the same implications for applications relating to mutuals as they have for applications relating to other types of regulated firms.

Disclosure Note:

~~We require firms to disclose all relevant information relating to a candidate's fitness and propriety. If there is any doubt about the relevance of the information, the information should be disclosed. The FCA/PRA takes non-disclosure very seriously and may consider it to be evidence of dishonesty and/or lack of integrity. In all circumstances, disclosures should be full, frank and unambiguous; if in doubt, disclose. In the event that a candidate discloses adverse information to applicant firm (or the applicant firm knows of adverse information by some other means) the applicant firm has a duty to disclose that information candidly to the FCA/PRA and explain why the applicant firm considers this does not affect the candidate's fitness and propriety (this paragraph should be read in conjunction with the information on disclosure in the guidance notes corresponding to this form).~~

Disclosure Note:

~~We require firms to disclose all relevant information relating to a candidate's fitness and propriety. If there is any doubt about the relevance of the information, the information should be disclosed. The FCA/PRA takes non-disclosure very seriously and may consider it to be evidence of dishonesty and/or lack of integrity. In all circumstances, disclosures should be full, frank and unambiguous; if in doubt, disclose. In the event that a candidate discloses adverse information to the applicant firm (or the applicant firm knows of adverse information by some other means) the applicant firm has a duty to disclose that information candidly to the FCA/PRA and explain why the applicant firm considers this does not affect the candidate's fitness and propriety (this paragraph should be read in conjunction with the information on disclosure in the guidance notes corresponding to this form). Controllers of the controller

You must provide details of any and all persons with 10% or more of the shares or voting power in the partnership controller, either directly or through a parent undertaking (see the Handbook Glossary for the definition of a parent undertaking). Also list any person who holds shares or voting power in the partnership controller (or a parent undertaking) as a result of which it is able to exercise significant influence over the partnership controller. In the column headed 'Description of how control is held' provide information on how the control is held. Consider again issues such as voting power, right to share in profit, acting in concert and significant influence.

If the partnership controller is proposing to acquire 50% or more of the shares or voting power of a target firm then they may become a parent undertaking of the target firm. If the partnership controller is a parent undertaking, any person who is a controller of the partnership controller would also need to complete and submit an appropriate change in controller notification form.

Please note that the FCA/PRA considers parents of minority controllers to be controllers of authorised firms due to the extended definition of 'voting power' in s422 (5)(a)(v) FSMA.

Please refer to the Handbook Glossary for the definition of control, controller, shares and voting power.

It would be helpful if you could also include a chart showing the position before the change.

It is recommended that you read section 422 of FSMA for the definition of controller and to clarify the terms used above.

1 About the notification

Please note that prior approval is required for proposed changes in control or increases in control to enter a higher control band. Even if the change in control or increase in control has already taken place without prior FCA/PRA approval, the FCA/PRA must still assess the suitability of new controllers that did not have prior approval. Therefore a controller notification form should still be completed and submitted as soon as possible to allow a retrospective assessment of the change(s).

1 About the notification

Please note that prior approval is required for proposed changes in control or increases in control to enter the higher control band. Even if the change in control or increase in control has already taken place without prior FCA/PRA approval, the FCA/PRA must still assess the suitability of new controllers that did not have prior approval. Therefore a controller notification form should still be completed and submitted as soon as possible to allow a retrospective assessment of the change(s).

Do not leave any questions blank. If a question appears to be not applicable, state 'N/A' and explain why it is not applicable.

6 The persons who effectively run the business of the corporate controller and its 'controllers'

For each person that effectively runs the business, a complete curriculum vitae must be attached. (Please note if there is any outstanding information it will cause delays and the assessment period to issue a decision will not start until all required information has been received. The FCA/PRA may object to a notification if the information provided is incomplete. Please refer to section 185(3)(b) of FSMA.) (See 10.1.1 in the 'Supporting documents' section.)

6.1 Please give details of all the persons who effectively run the business of the controller, if not already noted in section 5.

Controllers of the controller

You must provide details of any and all persons with 10% or more of the shares or voting power in the corporate controller, either directly or through a parent undertaking (see the Handbook Glossary for the definition of a parent undertaking). Also list any person who holds shares or voting power in the corporate controller (or a parent undertaking) as a result of which it is able to exercise significant influence over the corporate controller. In the column headed 'Description of how control is held' provide information on how the control is held. Consider again issues such as voting power, right to share in profit, acting in concert and significant influence.

If the corporate controller is proposing to acquire 50% or more of the shares or voting power of a target firm then they may become a parent undertaking of the target firm. If the corporate controller is a parent undertaking, any person who is a controller of the corporate controller would also need to complete and submit an appropriate change in controller notification form.

Please note that the FCA/PRA considers parents of minority controllers to be controllers of firms due to the extended definition of 'voting power' in section 422 (5)(a)(v) of FSMA.

Please refer to our Handbook Glossary for the definition of control, controller, shares and voting power.

6.2 Are there any controllers of the controller?

- No ▶ Continue to section 7
- Yes ▶ Please provide details below

Name	Percentage of control	Description of how control is held

6.3 Please provide information about any shareholders agreements, in relation to the controllers noted in the table in 6.2.

6.4 Please provide the credit rating of the corporate controller and, if part of a group, the overall rating of the group.

7 Controller structure charts

You must send the FCA/PRA control structure chart(s) that show the position of the target firm(s) undergoing the change in control and all controllers after the proposed change in control. These chart(s) should show all the firms and/or individuals within the structure and include:

- all entities in the group;
- parent undertakings;
- any undertaking(s)/subsidiaries other than the applicant firm;
- any other close links;
- anyone acting in concert;
- percentages of holdings;
- percentages of voting rights;
- percentages of control through right to share in capital, profits or liability for losses; and
- anyone with significant influence.

It would be helpful if you could include a chart showing the position before the change.

It is recommended that you read section 422 of FSMA for the definition of controller and to clarify the terms used above.

(See 10.1.4 in the 'supporting documents' section.)

This is provided that the representative portion can be reasonably estimated on the basis of historical data and to our satisfaction. If the applicant firm is unable to base this calculation on relevant historical data, it may use a projection supported by the business plan.

3.2 You must confirm that the monthly average of the total amount of payment transactions not related to issuing e-money, executed by the applicant firm, including any of its agents, in the 12 months preceding the application does not exceed €3,000,000. 4 Business plan

Why do we ask the Questions in this section?

We need to know how the applicant firm intends to carry out its business so we can assess that (i) the proposal has been carefully thought out, and (ii) the adequacy of its financial and non-financial resources, systems and procedures have been considered. The applicant firm must satisfy the FCA on this point before we can grant registration. See Regulation 13(7)(b).

Use a separate sheet of paper to answer the Questions 4.1 to 4.4 and 4.6.

Indicate the number of separate sheets used

Attached

4.3 Depending on the nature, scale and complexity of its business, it may be appropriate for the applicant firm to maintain an internal audit function that is separate and independent from the other functions and activities of the applicant firm. We would expect the internal audit function to:

- establish, implement and maintain an audit plan to examine and evaluate the adequacy and effectiveness of the applicant firm's systems, internal control mechanisms and arrangements;
- issue recommendations based on the result of work carried out;
- verify compliance with those recommendations; and
- report in relation to internal audit matters.

4.7.14 Is there a disaster recovery plan that provides for critical systems to recover within the maximum period the business has defined as acceptable?

Capital resources and requirements

Why do we ask the Questions in this section?

Before registration, the applicant firm must confirm that it will hold initial capital, if any, at the level required by Part 1 of Schedule 2 to the Regulations. See regulation 19(2) and 13(5).

- 5.1 You must confirm the applicant firm will hold, immediately prior to registration, initial capital of at least 2% of its average outstanding electronic money, where the business activities generate average outstanding electronic money of €500,000 or more.**

Yes

Where the applicant firm has not been in business long enough to calculate the amount of average outstanding electronic money for these purposes, it must make an estimate on the basis of projected outstanding electronic money as supported by its business plan, subject to any adjustments to that plan which are, or have been, required by us.

As well as the requirement for initial capital, the Regulations require that Small EMIs maintain adequate own funds, if any, on an ongoing basis in line with Part 1 of Schedule 2 to the Regulations.

6 Governance arrangements

Why do we ask the Questions in this section?

Applicant firms are required to provide descriptions of their governance arrangements to enable us to assess if the arrangements and procedures are appropriate, sound and adequate. Please note the applicant firm must satisfy us on this point before we can grant registration See Regulation 13(6).

You must use a separate sheet of paper to answer Questions 6.1 to 6.4.

Indicate the number of separate sheets used	
---	--

The level of detail you provide should reflect the scale and complexity of the applicant firm's proposed business. If any of the information you provide is unclear, we will ask you about it.

6.1 You must describe the governance arrangements (procedures used in the decision making and control of the business that provide its structure, direction and accountability), including a clear organisational structure with well-defined, transparent and consistent lines of responsibility. We would expect to receive information on:

- decision-making procedures;
- reporting lines;
- internal reporting and communication processes;
- arrangements for regular monitoring of internal controls and procedures; and
- the measures that would be taken to address any deficiencies.

6.2 You must describe the risk management procedures that will enable the applicant firm to effectively identify, manage, monitor and report any risks to which it might be exposed. Such risks may include:

- settlement risk (a settlement of a payment transaction does not take place as expected);
- operational risk (loss from inadequate or failed internal processes, people or systems);
- counterparty risk (that the other party to a transaction does not fulfil its obligations);
- liquidity risk (inadequate cash flow to meet financial obligations);
- market risk (risk resulting from the behaviour of the entire market);
- financial crime risk (see Chapter 11 of the Approach Document); and
- foreign exchange risk (fluctuation in exchange rates).

6.3 You must describe the internal controls, e.g. systems, procedures and policies used to safeguard the applicant firm from fraud (internal and external) and error.

Where the applicant firm intends to employ agents in respect of payment services, or distributors for the distribution or redemption of e-money, we would also expect that the internal controls are sufficiently robust to ensure it meets its responsibilities with regard to those entities.

6.4 You must describe the procedures that the applicant firm will establish in order to comply with the money laundering regulations and the EC wire transfer regulation.

7 Safeguarding

Why do we ask the Questions in this section?

Safeguarding is a specific set of requirements for protecting funds that have been received in exchange for electronic money that has been issued. The Regulations require that Small EMIs comply with the safeguarding requirements. See Regulations 20-22, paragraph 4 of Schedule 1 to the Regulations and Chapters 3 and 10 of the Approach Document for more information.

It is a condition of registration under regulation 13(7)(c) that the applicant firm satisfies the FCA that the institution 'has taken adequate measures for the purpose of safeguarding electronic money holders' funds in accordance with regulation 20'.

Please note that this section relates to the safeguarding of funds held in exchange for electronic money only. Safeguarding of funds held in connection to payment services is covered in Section 10 Unrelated payment services (if applicable).

7.1 You must indicate the applicant firm's chosen option for safeguarding funds received for e-money issuance services from the table below:

Option 1	Segregation of relevant funds	<input type="checkbox"/>
Option 2	Coverage of relevant funds by an insurance policy from an authorised insurer, or a comparable guarantee from an authorised insurer or credit institution.	<input type="checkbox"/>

7.1.1 If option 2 is selected above a copy of the policy or guarantee must be attached.

Attached

7.2 You must describe below how the applicant firm's safeguarding measures will operate, including details of the reconciliation processes.

8

Personnel

Why do we ask the Questions in this section?

The director(s) and person(s) responsible for managing the applicant firm's electronic money and payment services business need to be of good repute and possess appropriate knowledge and experience (be 'fit and proper') to issue electronic money and provide payment services. Please note that the applicant firm must satisfy us that its relevant individuals meet the requirements before registration can be granted. See Regulation 13(7)(a).

8.1 You must complete and submit an EMD Individual form for each director and person responsible for the management of the applicant firm's electronic money or payment services business.

How many EMD Individual forms are you sending with this application?

The following are examples of persons that would be required to complete and submit an EMD Individual form:

- all the members of the management board;
- in the case of a Small EMI that only issues e-money and provides related payment services, all the management staff; and
- in the case of a Small EMI that carries on activities other than just issuing e-money and related payment services, all the persons with **direct responsibility for the firm's e-money issuance and related payment services on a day-to-day basis.**

9

Qualifying holdings**Why do we ask the Questions in this section?**

The change in control provisions of FSMA (Part 12) apply to Small EMIs. Although not a condition of registration, we require information on individual(s) with a qualifying holding to facilitate our ongoing supervision of the applicant firm. See Paragraph 4 of Schedule 3 to the Regulations.

A 'qualifying holding' is defined in the Regulations by reference to Article 4(11) of the Banking Consolidation Directive (BCD). The definition in the BCD is a *'direct or indirect holding in an undertaking which represents 10% or more of the capital or of the voting rights or which makes it possible to exercise a significant influence over the management of that undertaking'*. Persons or firms with qualifying holdings are referred to as controllers in FSMA (Part 12).

A 'qualifying holding' is broadly an individual or firm that:

- holds 10% or more of the shares in the applicant firm (or 10% or more of the shares in a parent firm);
- is able to exercise significant influence over the management of the applicant firm through a shareholding in the applicant firm or a parent;
- is entitled to control or exercise control of 10% or more of the voting power in the applicant firm (or 10% or more of the voting power in a parent firm); or
- is able to exercise significant influence over the management of the applicant firm through their voting power in it or a parent.

Limited Liability Partnership (LLP) applicants should note that some (or sometimes all) individual members may be controllers of the LLP. Usually this will depend on the number of members and the terms of the membership agreement, especially regarding voting power or significant influence.

A full definition of controller, shares and voting power is set out in section 422A of FSMA (Part 12).

Fees and levies

Why do we ask the Questions in this section?

This section is included to provide the applicant information on periodic fees and levies payable to the FCA, the Financial Ombudsman Service and Money Advice Service (MAS). We also explain the relevant FCA and Ombudsman Service fee-blocks. See Chapters 3 and 16 of the Approach Document and Regulation 59.

The activities the applicant firm undertakes when it becomes registered will determine which fee-block(s) the applicant firm is allocated to. The fees and levies in each fee-block are often based on the tariff data; however, Small EMIs will pay flat periodic fees and levies in line with FEES 4 Annex 11 Part 5 of our Handbook. See www.fshandbook.info/FS/html/handbook/FEES/4/11. Please see below for fee and industry blocks that apply to a Small EMI.

FCA fees

11.1 Fee-block G.11- Small Electronic Money Institutions

If an applicant firm is providing unrelated payment services, it will also be allocated to fee-block G.4 - Small Payment Institutions. We do not require data for fee-block G.4 as this is a flat fee.

11.2 Financial Ombudsman Service (Ombudsman Service) General Levy

An applicant firm will come under the jurisdiction of the Ombudsman Service for issuing electronic money except if it is an exempt electronic money issuer. A Small EMI will fall within Industry block 18 – Electronic Money Issuers. A flat fee is payable for this industry block.

If the applicant firm will provide unrelated payment services, i.e. not directly related to its electronic money business, it will also be allocated to Industry block 11. A flat levy is payable for this industry block. So there are no data requirements for the Ombudsman Service levy.

Declaration of the Financial Ombudsman Service exemption

Please note that if the applicant firm will carry on business with consumers then exemption will not be available, because they qualify as eligible complainants.

11.3 The Financial Ombudsman Service exemption

If the applicant firm will not carry on business with eligible complainants and does not foresee doing so in the immediate future, please tick the box below:

Applicant firm is exempt from the Financial Ombudsman Service

If you have indicated that the applicant firm is exempt from the Financial Ombudsman Service, please provide supporting evidence for this exemption.

Attached

11.4 Money Advice Service (MAS) levy

For SEMIs, a flat fee is payable. The fee block(s) mirrors FCA fee block(s). So there are no data requirements for the MAS levy.

You must attach a cheque for the full application fee or the application will not be processed. See Chapters 3 and 16 of the Approach Document.

12.1 You must tick below to confirm that you have paid the application fee

£1,000

5 Fees and levies

Why we ask the questions in this section

We require this information so we can calculate the applicant firm's annual FCA fees once they become registered. We will also use this information to calculate the levies for the Ombudsman Service.

The permission the applicant firm has when it becomes a registered for consumer buy-to-let mortgage will determine which fee-block(s) the firm is allocated to. The fees and levies in each fee-block are usually based on a measure of size of **business 'tariff base'**; however CBTL firms will pay a flat FCA periodic fee and FOS levy in accordance with FEES 4 Annex 11 Part 5 of the FCA Handbook.

See <http://www.fshandbook.info/FS/html/handbook/FEES/4/11>

FCA fees

5.1 The relevant fee-block is:

**G20 – for CBTL lenders (includes administrators) or
G21 – for CBTL arrangers or CBTL advisors.**

You should be aware that if you become registered you will be required to pay an annual FCA fee and Financial Ombudsman Service (FOS) general levy. **Failure to pay these fees could result in action being taken in respect of your registration. For the avoidance of doubt, this action may include the cancellation of your registration.**

Declaration of ongoing FCA fees liability

5.2 You must confirm that the applicant firm understands that it is liable and remains liable to pay fees until such time as the FCA cancels its permission. This is irrespective of whether it is trading, or even if it has notified us of intention to cease trading or submitted an application to cancel.

Yes

Declaration of Ombudsman Service exemption

Please note that if the applicant firm will carry on business with retail clients then exemption is unlikely to be available. This is because retail clients are likely to qualify as eligible claimants and/or complainants.

5.3 The Ombudsman Service exemption – if the applicant firm will not conduct business with eligible complainants (please see DISP 2.7) and do not foresee doing so in the immediate future, please tick the box below.

Applicant firm is exempt from the Ombudsman Service general levy

Online Invoicing

Online invoicing gives you access to your fees account via the web giving you:

- Easy access to view all transactions on your account;
- Immediate email notification of new invoices and credit notes;
- Access to view, download (pdf) and print invoices and credit notes;
- Ability to query invoices online and receive responses by email;
- Opportunity to register multiple users to access your fees information;
- Future fee tariff data requests by email (if required); and,
- A paperless 'green' process, reducing printing and postage costs.

5.4 Details to register for Online Invoicing

Once your firm is authorised you will be contacted and provided with an access code. You can then also request access for further users.

Disclosure Note:

~~We require firms to disclose all relevant information relating to an appointee's fitness and propriety. If there is any doubt about the relevance of the information, the information should be disclosed. The PRA takes non-disclosure very seriously and may consider it to be evidence of dishonesty and/or lack of integrity. In all circumstances, disclosures should be full, frank and unambiguous; if in doubt, disclose. In the event that an appointee discloses adverse information to notifying firm (or the notifying firm knows of adverse information by some other means) the notifying firm has a duty to disclose that information candidly to the PRA and explain why the notifying firm considers this does not affect the appointee's fitness and propriety (this paragraph should be read in conjunction with the information on disclosure in the guidance notes corresponding to this form).~~

Is the appointee **currently** the subject of any criminal proceedings? Has the appointee been ordered to produce documents pursuant to any **current** criminal investigation?

When answering the questions in this section, the appointee should include matters whether in the UK or overseas. By virtue of the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975, the appointee is not required to disclose spent convictions and cautions.

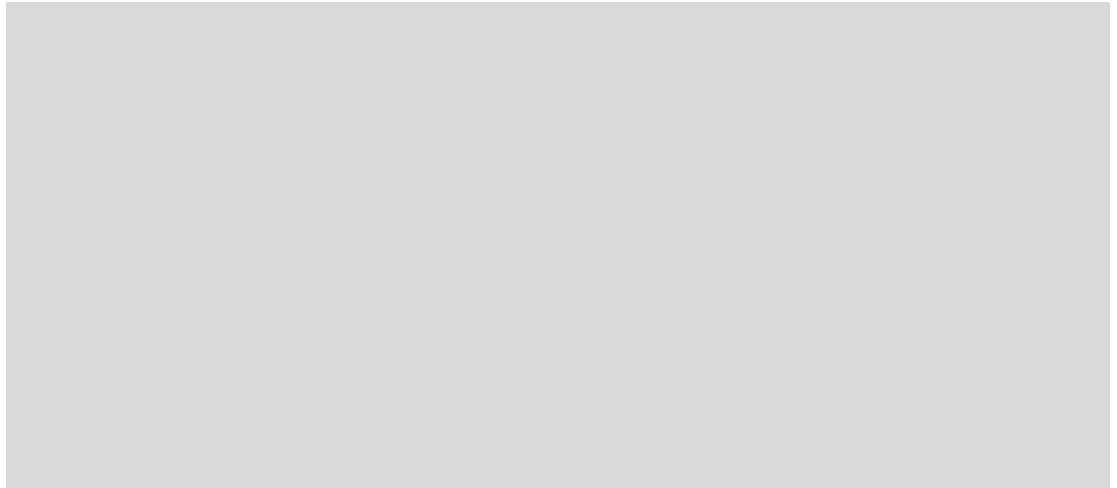

4.02

Civil Proceedings – Is the appointee currently subject or has **ever** been the subject of a judgement debt or award against the appointee or been party to civil proceeding which resulted in an order against the appointee? Does the appointee have any current judgement debts outstanding or have they ever failed to satisfy any such judgement debts. Has the appointee ever filed for or had a petition served for bankruptcy, been adjudged bankrupt, been subject of a bankruptcy restrictions order or made any arrangements with creditors?

Knowingly or recklessly giving the *PRA* information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). Rule 6 of the Notifications Part of the PRA CRR Rulebook require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the *PRA* and to notify the *PRA* immediately if materially inaccurate information has been provided.

Fitness and Propriety 3.1(d) in the PRA CRR Rulebook and Insurance – Conduct Standards 2.2 in the PRA Solvency II Rulebook provide that a firm must require any key function holder or non-executive director to disclose appropriately any information of which the PRA would reasonably require notice. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action against the *firm* by the *PRA*.

In addition, appointees should be reminded that a failure by the appointee to disclose relevant information either to the firm or to the PRA could be regarded as evidence that they were not fit and proper. It should not be assumed that information is known to the *PRA* merely because it is in the public domain or has previously been disclosed to the *PRA* or another regulatory body. If there is any doubt about the relevance of information, it should be included.

In making this notification the *firm* believes on the basis of due and diligent enquiry that the appointee is a fit and proper person to perform the role.
